On 21 June 2006, the EFTA Surveillance Authority delivered a reasoned opinion to Liechtenstein for failing to implement Directive 2001/29/EC on the harmonisation of certain aspects of copyright and related rights in the information society. The Directive was to be implemented in national law by 1 August 2005.

On 19 December 2006, Liechtenstein notified the Authority of the implementation of these rules through amendments to the *Gesetz über das Urheberrecht und verwandte Schutzrechte* (Act on protection of copyright and related rights) of 19 May 1999 and of the *Verordnung über das Urheberrecht und verwandte Schutzrechte* (Ordinance on copyright) of 14 December 1999.
